

## Errata Reflexivity Path Dependence and Disequilibrium Dynamics

There were three typographic errors on p. 16. None of these affect the prior or subsequent arguments or text. The correct expressions are:

$$\pi^e = -\left(\frac{\gamma_2}{\alpha + \gamma_1}\right)\pi^3$$

$$\pi^e = \left(\frac{\beta}{\alpha}\right)\pi$$

$$J = \begin{pmatrix} -(\alpha + \gamma_1) & -3\gamma_2\pi^2 \\ \alpha & -\beta \end{pmatrix}$$
